WORK HISTORY

01/2021 to 12/2021 **UI and UX Web Designer**
Telkom University – Bandung, Indonesia

- Enhanced user satisfaction by creating intuitive and visually appealing UI designs.
- Streamlined UX flow for improved usability and increased user engagement.
- Collaborated with cross-functional teams to ensure seamless integration of UI/UX components in the final product.
- Developed wireframes, prototypes, and mockups to effectively communicate design ideas to the development team.
- Conducted comprehensive user research and testing for data-driven design improvements.
- Optimized website load times with efficient use of images, fonts, and other visual elements.
- Trained junior designers on best practices in UI/UX design, fostering a culture of learning within the team.
- Revamped existing mobile applications for better user experience and higher retention rates.
- Adhered to accessibility guidelines in all designs, ensuring an inclusive experience for users with disabilities.
- Implemented responsive design principles for optimal viewing on various devices and screen sizes.
- Increased user engagement through A/B testing and iterative improvements based on data analysis.

- Contributed to the establishment of a consistent brand identity across all digital platforms through cohesive design themes.
